“ Nita was my whole life when I was growing up. I always wanted to be with her. She taught me so many good things and showed me the love for music. I had a bond with her like I had with no one else in my life. We had disagreements as we aged and that's okay. But the memories she left me with are priceless. She was like a mother to me. I will keep my memories of her in my heart and remember all the fun and happiness we had together. She took me as one of her own kids and was there for me all the time. I love you Nita and always have and always will. You gave me a bond with you I don't even think you realized. I'm sorry for our bumps in the road but I hold on very tight to my childhood with you. You were the best sister anyone could ask for, and will remain so. You live on in my heart and life every day. Thank you for loving me from a little baby girl to a woman. No one could ever replace you because in my heart you are irreplaceable. Thank you Nita and thank you Jesus for putting her in my life and heart.
