“ *I thank the Lord I had the pleasure to know and work with a wonderful nurse like Jeter. I always found her to be smiling and joking. She was loved by patients and their families with her kindness towards them. We need more great compassionate nurses like Jeter. She was one of a kind. OMH was a great place to work because of people like her. My prayers are with her loved ones.*

“ Countless numbers in our county were comforted by Jeter as they faced surgery, illness and even death. Whether a situation demanded a swift foot and sharp mind or a gentle touch, firm push or an encouraging word. Jeter was there to "Git R Done". My heart is full of remembering my vibrant, smiling and amazing friend. My thoughts and prayers are with her family that she always spoke so lovingly of.

“ *Jeter was the best. She was my Nurse manager in the OR and later we worked as Circulator and Tech. She became part of my family through those close years of working together, many vacations, and holidays.*

She loved shenanigans better than anyone. Epic water gun fights that ended in her dousing us all with the garden hose. The shrimp tail "teeth" that had my entire family laid out in laughter st Thanksgiving dinner one year. The stretcher races. Sledding on dining room trays down the hill behind the OR. Her loving encouragement to my daughter, sharing her quick wit tempered with when to use it. The hours spent on her carport peeling potatoes for German Potato Salad at Oktoberfest, and more remembrances. Her need for that one last walk on the beach before heading home and the last few drops of wine dripped by the back door in thanks for the hospitality of the day. She was a jewel, a rare friend, and a fine nurse. I will always miss her.

“ I have known Jeter a long time working at Oconee Hospital. I found her to be very up front but also very kind. She knew nursing. She joked a lot and that made shifts go by very quickly when she was around. So sorry for her loss. God bless each of her family members.
