“ *First to Billy & Adam I send my love and my heartfelt sympathy. You boys are so very special and you were your Mom's heart! I've known April ever since we were kids and now so many years later our boys Billy & Quinton became best of friends! I am so glad about that! April was such a great person! An adoreable angel who strove for pure perfection, she had a real radiance about her, she was also an idealistic lady, and she had a very loveable laughter. I am truly gonna miss her. Especially at all the school events. In which we always got together and sorted through what was going on while our boys chatted and cut up! I think about her every day and I sometimes question God why! I know we're not suppose to do that but I do and have! It really seems unfair! She was so young and so full of life! May God bless all of the family and help you through all of the difficult patches that I am sure you will encounter! I'd like to make one more comment! This is about Billy, that young man would and did make his mom so proud! He definitely has his mom's drive and strength! I see April in Billy and I say that with all due respect! He's a great young man! She would be so very proud of him! I love you April my dear friend, may you rest in peace!*

Love,

“ *I am so sorry for your loss. I had no idea that she was even sick. I would talk to her earlier last year on the internet while we both were working and I had seen her on my visits to carolina a couple of times...I have always thought the world of her and will have you all in my prayers.*

“ I am so sorry for your loss. Although April and I had not talked until just recently, she was the type of friend that no matter how long we went without speaking, we could pick up just like no time had past. It was just always a comfortable feeling. She will be missed. My prayers are with you all.##imported-begin##Lynn Edwards Henson##imported-end##

“ We worked with April in the Keller Williams Cashiers office and cared for her so much. She was a good friend and colleague and always so helpful to us in every way. Many times she got us out of a "jam" when we couldn't operate one computer program or another. We loved her energy, her humor, and her ever present kindness. We will miss her. We want you to know that we send our heartfelt condolences to your family. Our prayers have been with her and your family from the very beginning and will continue to be with you all.
