“ *I could go on and on about the memories that we share but the most important one is the love you showed to me and to other people. You were always putting yourself before others if you were able. You didn't deserve fibromyalgia, nor the pain that some caused you. You are now finally free from any pain or heartache Mama. I know you loved me and Kabella with all your heart. It wasn't your fault that you had fibromyalgia and couldn't spend the time with us that you desired for. I miss you so much already, you will forever be the one that I tell my drama too! I will forever share stories of you to Kabella. Now, you won't have to beat yourself up about missing out on her birthday parties, ceremonies, etc. You were one heck of a woman! Your kindness, spirit, and craziness will live on through me and Kabella! We were proud to call you Mama and Granny Bobo.*
