“ My memories of Mr. Quarles go all the way back to the 1970’s. He repaired a catastrophic failure on my motorcycle at the time when no one else would attempt it. Later, he constructed a “custom” winch mount for a Bronco I had at that time. Mr. Quarles was a gifted machinist and fabricator. In more recent days my wife and I enjoyed talking with him at a local cruise in. Our sincere condolences to the family.
