“ *Father has been my lifelong example. From a young age he taught me how important the family is. How family activities are meant to bring the family together. He taught me the importance of being a father and how critical a father is on the development of a child. He taught me how to maintain a positive outlook despite overwhelming odds. Later he taught me that my father can also be my best friend. While I will not be able physically hold him anymore, I will be always remember the good times that had with my father. I will dearly miss him.*

Rick, Jack and I are so sorry to hear about your Dad. I know he meant alot to you and Kathy. We didn't know him very well but he sounds like a really good man. You are alot like him Rick, a great dad and grandfather. Your dad may be gone but you have a lot of him inside you. You will always carry him in your heart. It is good that you boys were with him these last few months. I am sure it meant alot to him.
