“ Cathy has been a very close cousin of mine since we grew up together. In recent years, we have become like brother and sister. You could not ask for a kinder, more caring and more loving person to have as a relative or a friend. She was always willing to help with any problem, no matter how small. She graduated college with a degree in Chemistry and worked in the Avon Cosmetics Labs for many years until moving on as a wife and mother and taking on other jobs closer to home. She had a way with words that would have allowed her to become a famous author if she had decided to go that route. She loved nature and gardening and had an extreme fondness for hummingbirds, which she fed with her special sugar feeders. She loved her family dearly and would do anything for them. Cathy will be so missed by everyone who knew her or was blessed to be close to her. I know her Saviour welcomed her immediately into Paradise. I will miss you Cathy everyday. Rest in Peace.
