“ *Dear Family of Chip, I am so very sorry to learn today of Chip's passing. We were in the same graduating class (1978) at Travelers Rest High School. He was always friendly and smiling. We lost touch after high school but from reading the memorials, I see he never changed. You and Chip's friends, co-workers and acquaintances are in my prayers.*

“ *We lived one house apart growing up. I think I've known Chip since kindergarten we climbed trees together in his back yard and went to school together from 1-8 grades . His mother was so awesome, she encouraged all of Chips friends to read and she took all of us who wanted to go to the Greenville County Library. She even paid us if we wrote a book report. I still love to read and I attribute that and give thanks to his mom. I'm so sorry to all of his family for this loss.*
