“Charlotte was a wonderful friend. We would spend hours together working on the Social Committee events, shopping and dining together. She was a great support to me when Gene passed away in 2014 and even came to NC to help me. We always had fun together and I’ll never forget our first “Trick or Drink” when we walked around Spinnaker towing a little red wagon giving out Halloween candy in trade for a cocktail. That was one crazy night. I believe Charlotte carried on an enhanced version of our outing on future Halloweens. She was such an asset to the community of Keowee Key and will be sorely missed.

*Reflecting back on Charlotte's generosity and hospitality from our time with you all this past summer upon our return from five years overseas.*

*Charlotte's amazing ability to bring people together and inspire community was truly her superpower! Welcoming friends, family, members of her community, and strangers came naturally, and it is clear that the strong network she built will be her enduring legacy in the Keowee Key community and beyond.*

*Her wonderful and disarming humor instantly engaged all around her. We are richer and more complete for having known her and laughed with her. Charlotte was a giver. She gave freely of her time, her energy, her love, her thoughts, and yes, even her opinions. But mostly, Charlotte was a giver of stories. Her stories were most often humorous and were always filled with interesting characters and friends and they provided comfort, or relief, sometimes a lesson, but always entertainment. We will miss Charlotte and her stories most of all.*

*Solace and strength to you all during these difficult days.*

“ Charlotte was one of the first neighbors I met in Spinnaker Cove - she chastised me for walking in the woods without my cell phone 🙄👤. What an adventure we had for the next five years! You are sorely missed, my dear friend! I hope you and Abby are enjoying life on the other side of the rainbow bridge. We will watch over Ron and Smitten and Sparkle.

“ One of my favorite memories with Charlotte is when she didn't hesitate for a second to jump in the car and drive all the way to Columbia just to help me serve cake at an event. That's the kind of friend she is—always there when you need her, no matter the distance or the task. She's also been my rock during some of the busiest festival seasons at my store, keeping the energy up and making sure everything runs smoothly. I truly couldn't ask for a better friend and partner in all the chaos!  
I will miss her so much! Prayers for the family.
