“ *Charlotte was a patient of mine in the primary care clinic. I loved seeing her as she was always so upbeat and trying to do her best to care for herself. She never complained. We were so hopeful that her new therapy would alleviate her cancer. I wish I could have had more time with her in my life. I will miss her. Thanks to all of the family members that helped in her care.*

I worked with Charlotte many years ago. She was one of the sweetest ladies I ever knew. I was so sad to hear of her passing. May God comfort her family, as only he can.
