“ *My beautiful brother. You left us much too soon. I have so many wonderful memories. Words can not express how much I will miss you. Your smile, your voice, your sense of humor. Most of all I will miss your presence. But you are well now, healed and in a far better place and free from the pain that held your body captive while you were here. Thank you for being a good brother, a faithful husband and a loving dad to your babies. We'll meet again on the other side. Love you.*
