“ I hate to hear about any family suffering the loss of a loved one, and I seriously offer my condolences. I would also like to say that it took a lot of brass for the family member that posted this in his obit.

"The family would like to invite the South Carolina Gamecocks Football Team to serve as the honorary pallbearers, so they can let him down one more time".

This was a man that was sick and tired of being sick and tired of the gamecock FB program and their losing ways. I just wish that he would have become a Clemson fan before passing. At least his final thoughts of his college FB program, they would have been happy ones. Go Tigers!!!!

“ Dean and I worked together as Administrators with Mental Health until my retirement two years ago. I worked at Beckman in Greenwood. He was always so caring with the people he worked with and always had a smile and a kind word to say. He will truly be missed. My prayers go to the family of Dean.

“ I have worked with Dean at the AOP Health Center. I found him to be a considerate, and compassionate man. While my contact was only as a board member, I will miss his wry sense of humor. I am so sorry for his family's loss. He will be missed here at the Mental Health Center.

Marsha and Family, our hearts unite with yours in tears and in rejoicing with you that Dean is no longer suffering and having to make so many medical decisions. Dean left big footprints for us as Christians in which to follow.

“ *Such an awesome man of God. It is our honor to have known him and his never failing love and faith in our Savior Jesus Christ. Dean's sense of humor and kindness for all will never be forgotten. I love how we got to share in our disappointment of the Gamecocks and see he got one more poke of fun at them. Forever to thee, but we all know they have let us down A LOT. 💙*
