“ Your the most wonderful mother n person I'm so proud n to b your 1st born child. I r such an amazing woman n all the above that I try daily to feel your shoes. I hope your proud of me cause I try to b like u every second of everyday even though I may mess up at times but that's okay cause you told me so or how else would we learn to know how to b a better person. That we need to learn from our mistakes as well as other people's in order to better ourselves. Mamma I try but like the poem u always carried n your purse called " Don't Quit" basically Never give up. My song to u was by Patty Loveless HOW CAN I HELP U TO SAY GOODBYE I remember picking that out n high school when I heard it I let u listen to it n I said I wanna play this if something ever happens to after we knew u had cancer. Well I did. Preacher says I don't know who picked that song out but they couldn't have picked a better song to describe the good Christian woman u are. U looked at me n said Baby Id b honored to have that played by u when my time comes. I'm so grateful to have u as a mother n it made me the mother that I am today thank you n I love n miss so more than u could ever imagine my guardian angel tell the family I miss them so much to you there. Today's world ain't like it was back then with the gardens family and family all living near one another kids actually having a parent but she left my pants and the good old go-karts and stuff like that you making something out of nothing whether it was cooking or just projects in the house I love you Mama and I miss you very very much so I want to be up there with all y'all but I'm down here with my kids and let's thing come with me and we can hop on the train or pick up a phone and reach out and talk to you well I guess I will have to wait to see you then but I love you It could come pay me a visit and spirit form I would be tickled pink Love Sissy May
