“ *Grandma it's been almost 6 months since you left us to go be with the Lord and papa and it's been really hard. I'm going to miss you so much but I know that you having a wonderful reunion with papa and I know that you're not hurting anymore. I'm going to miss going to church with you and papa and our phone calls. I remember our little phone call that we had it was on your 88th birthday you was sick with a cold.... We was talking about how much time with had left with you cause you said that you wasn't going to be here forever and I said grandma you never know God may want you to out live all of us and you started laughing and saying JoAnna my time is coming soon but I never thought that it would the following month. You left us exactly 9 years and a week after we lost papa. I want you to know that you and papa was gone to soon but never forgotten. I love and miss you both so dearly until we meet again*

*I'm happy I was able to visit her before Covid started, we were waiting for it to pass to go back and see her. I was able to call and talk to her on her birthday before she passed.*
