“ *I just wanted to share how special Granny was to me. She always would encourage or instruct me on how to complete a recipe, even tho it never taste as good as hers. I'm glad to have so many of her recipes in her own handwriting to cherish. I used her dressing and sweet potato souffle recipes this year and I dare say they are beginning to taste a little more like hers. She spent a lot of time in the kitchen and 1 time included her & Kyle making apple fritters when he was middle-school age, and he actually made some just a few weeks back. She would always brag on my quilting efforts tho my stitches are never as precise as hers and mine are machine-stitched! I am so proud to have been one of her Daughter-in-laws and so thankful for her influence in my life. She would always say she was praying for our family and each child. Now her prayers are included in the sweet aroma in heaven mixed with all the prayers of the other saints.*

Thank you for a life well lived and your service to your family. No more pain, no more sorrow.
