“ I worked with Mrs.Flo at the Scheletter Dining Hall. I started in Aug of last year. I was pregnant majority of that time & I really struggled. Some days I would work at the bakery, with Mrs.flo. She was particular about her bakery, but was always more than happy to teach & show you the right way to do things. She was always kind, happy to see me, grateful for my help (which she always vocalized), & rubbing my tummy to feel the baby; along with insisting I take a cookie to feed the baby. She had a heart of gold. I never saw her be mean in my entire time there. Even when she began to work less because of her condition, when she came in it was with a smile. I wish the world had more Mrs.Flo's in it. There would be so much happiness, laughter, & Kindness. I want to thank her, for showing me a smile goes a long way. And that kindness is not only a necessity for the human race, but can be contagious. We love you Mrs.Flo. Thanks for being a great example. I just know in my spirit, that Scheletter is going to miss & think of you daily. Rest easy my friend.
