“ I just learned of Gail's home-going and it truly has saddened me. First, I want to say to the family that I would have shared in your time with her on that last day had I known. I only knew Gail for a very short time but she became such a precious friend to me. I learned to love her dearly. She was a great help to me when I came to the day-shift in learning my duties and just supporting me as a person and her friend. I will cherish the time that I had with her. Prayers to the family.

“ This dear, sweet woman took me under her wing of love and kindness some 15 years ago when I started work at DSS. When I transferred to DHHS she was there waiting to pick up our friendship where it left off - though it never left. We were simply reunited. I can never repay the goodness of her heart that she shared with me. No words, no works, no time could ever measure what she gave to me. So, Gail, I owe you, and I'll repay you when we are reunited again in Heaven. Until then, I miss you! I love you my dear, sweet friend.
