“ *Geempa Herb, thank you for everything you and Marmee have done for me. From going to Michigan games as a child and going panning for gold, to helping me through college, you have improved my life so much and will never be forgotten. Rest easy and go blue!*

Taylor Suydam - March 17, 2017 at 06:36 AM

“ *My grandpa Herb was the most amazing, selfless, devoted man out there. He was a great father and grandfather and was always there for anyone if they needed a helping hand. It breaks my heart to see him go but this world could not offer him what his next life can. Rest in peace Geempa Herb, Love, Savanna.*

BS

“ *What a guy. I will miss you Herb. Thank you from the bottom of my heart for welcoming me into your family. I've always felt loved and appreciated by you and Mary. I couldn't have asked for a better Father-in-law. You set a great example of stewardship that I will always remember. You were always interested and concerned that we were planning properly for our future and for our children's future, but never judgemental, only supportive, when we would veer off that path. God certainly had a hand in bringing us all together, and I do thank God that you've been a part of my life.*

Brad Suydam
