“ Sure wish I had known of Horace and Joann's people passing. They were precious and very special friends. They took some computer classes that I taught at the Anderson Adult Education Center. It has been years, obviously, but my husband and I shared a meal with them at their home in Wallhala. Horace made homemade ice cream. I have thought of them over the years, but was never able to connect with them. Please know my heart is broken, and my prayers are with this sweet couple's family!

Horace, we will miss you in the astronomy club. Thanks for all your efforts to reach out to the young people introducing them to the wonders of astronomy. We will also miss your jokes, even the corny ones.
