“ *My dad, Harold, thought the world of Mr. McCall. When we would pass by his house he would often remark “wonder what Huber is up to now?” Dad often bragged on the great job Mr. McCall did bricking his house saying no one else could have done such a great job. Guess they are now in Heaven swapping their “tall tales” they so often did here on earth. My thoughts and prayers are with you all during your time of grief. God bless you all. Jan (Rice)*

“ Our dad was a very good man who loved God, his family, and friends. He would work all day laying brick and then come home and work on his farm. He always provided for his family. He endured many physical challenges during his life, but he exhibited great faith and stamina during those times. There was never a time that he was not there for his family during the loss of loved ones. He was dedicated to his wife during her years of dementia and made frequent visits while she was in long term care.

He survived the loss of his three sons, his son-in-law and most recently, his grandson. Prior to a major surgery a few years ago, he made the comment that he was in God's hands whether he survived or not.

We love you Sweet Angel Daddy and Papa.

And even though we told you many times, thank you for being such a good man.

We love You

*Huber McCall, my ex-father-in-law , was was a good and caring man. Although our marriage deteriorated, he always let me know that he loved me and that meant a lot to me. I saw him recently and even with his condition, he knew me and called me Sister as he always did. Asking about cousins he grew up with in Cashiers. So sweet...asked if I would take him to their family reunion. Of course, I promised if he could go. With a kiss on his forehead he let me know how his feelings without words. I respected and loved him as ever. I know he will be missed.
RIP Huber*
