“ James was a good friend of mine for over 50 years. He helped me build onto my house and believe me he did it right or not at all he was a very good builder. I owe him a lot because he would take very little money for his work he would just say “Hoss” we are friends and that we were, the best of friends. He will be missed by those who new him and loved him. Very few people are born on this earth like James Crenshaw
