“ We are a bit late getting the very sad news in Torrington, CT about the passing of our special friend and colleague Jim McCoy. I was another one of several Torrington Plant Managers and we'd get together quite often to set goals and compare results of our different factories.

Jim always had the very best results, the envy of us others, and he always offered to help the other plants with some of his tips. I'm sure all the employees of the Walhalla Plant loved Jim McCoy and appreciated having him as their leader, it would be hard to find a better Plant Manager, I am sure.

We remember going to Japan as a group and gleaning a few more good ideas from our manufacturing colleagues there, with Jim being our most friendly and gracious guest in their country.

We all agreed with Russ Emerson (Clinton), that we probably had the best job in all of manufacturing, though we had to ask our employees to work six and sometimes seven days a week to keep up with demand. We often worked too many hours ourselves, but Jim wanted his people to know he sacrificed his time off too.

The country has lost a great man and a great leader of people. He loved his golf when he could get away. We tip of our hats to you, Jim!

“ *Debbie and I send our thoughts and prayers to all of you during this sad time. We will always cherish how Jim took an interest in our youngest son Landon when he started developing an interest in golf during middle school. Jim was a big part in Landon's love for the game by always encouraging him and offering him opportunities to play and practice. A big thanks to both Jim and James for how they have used their resources, time, and commitment to local High School and youth golf programs. In Christ.*

“ Jim McCoy was a true gentleman and someone I considered a very good friend. He was gracious and generous and an excellent golf instructor. One of my great memories was him taking me to the Masters. I really can't say enough complimentary things about this man. We worked together at Torrington and when I had the opportunity to visit Walhalla I was always welcomed with or without customers. The world lost a good one and my deepest condolences go to Charlotte, Lana, and Jim Jr. I live in Michigan but wish I were closer so that I could personally pay my respects.
