“ *In the timeline of life we have time with people who impact our lives. Sadly we never are able to tell them how much we care for them. I first met Janet at Salem First Baptist. Sandra was my Sunday school teacher, Jan and Kristi my classmates. We always had a lovely time learning about Jesus through outings and activities. Through elementary, middle, and high schools our lives intertwined. She was the best at everything she tried. A standout at Red Rover on the old playground, at field day on the rodeo field and the world famous Salem basketball courts. You were always considered a standout if you could play basketball at TSH. I always enjoyed watching her play, as the only McCoy who did not play I watched alot of ball, she was a standout. In high school, we ended up in classes and clubs together. She always had that distinctive laugh that will never be forgotten. In adulthood, paths crossed at Oconee Christian and her chiropractic clinic. Thank you for sharing her with us, she was a one of a kind person. I pray the Lord Jesus will hold you and comfort ya'll. My prayer is someone will accept Jesus through her example. In love to the Cobb, Burgess, Orr and Hutto families, Susan McCoy Landreth*

So sad to hear today of Janet's passing. I loved my association with her as a coach, teacher and friend. I watched her excel in high school as a student, athlete and leader. She then blossomed into a wonderful young lady. I will miss you Janet. My condolences to your wonderful family. I pray that your family and friends will find comfort in the memories we all have. “ Oh Mrs. Cobb.....the memories I have of her from my high school years will always be my favorite. She was so patient, kind, and loving. Her smile and laugh were so contagious, just seeing her made everyone smile no matter the day they were having. High school was over ten years ago for me, and I can still hear her voice and laughter. The world has definitely lost an angel, but I know one day that laugh and smile will fill our lives again when we join together on that great day!!

“ Sandra

From the very beginning, little Janet was full of life and smart as a whip. As she grew, those qualities stayed with her. We were privileged to know her as well as an adult woman. There was so much for you to be proud of as we know you and all her family celebrate!

We are honored to be included with the cousins and send our sincerest sympathy and prayers for you all.

“ My prayers and condolences go out to Janet’s entire family. She was not only a Good Basketball 🏀 Player, she was a Good Person and Good Friend to many people. I was Lucky and Honored to coach her for one Spectacular Season (1984-85) at Tamassee Salem HS and I also taught her how to drive when she was a 9th grader in my Driver’s Education class. So blame me if she didn’t drive well and give me credit if she drove well (ha ha)
I cannot put into words how much she meant to me as a coach but also as a friend after coaching and teaching her.
I was always Excited to see her and talk to her about the our days together at TSHS and how she was doing presently
I will Miss her, always Love her and will Think of her often as I have Always done since 1985, With A Big Smile on My Face. She was a Super Person on and off the court!!🏀: 1: 🙏❤️

“ To the family- I am so very sorry to hear the news of Janet's passing. She was honestly one of the happiest and loving people I've ever known. She was my teacher in highschool and I regret not telling her that she was my favorite teacher I ever had. She was kind and loving, she had a great laugh, and we all respected her so much. When I think of her, I smile, because she had a joyous energy about her. She loved her kids fiercely and from what I saw on FB, her grandkids too. “ It is so surreal to me that I am writing this sympathy note to Dr. Janet Cobb’s family. As I would come to the office I had no idea the burden you, Anna, Amber, and Wanda, were carrying. I first met Janet when she came in my classroom at Oconee Christian Academy. At that time she was thinking she would like to be a teacher so she needed to observe a teacher in the classroom setting. After many years had passed, I re-met Janet as Dr. Cobb. She had the opportunity then to share with me her journey from teaching to chiropractic work. From then on for the last few years she would take care of my pain in a very gentle way. This is a very difficult and tough journey that you are on right now. May God’s Spirit comfort you in the only way He can. My prayers are with you.
