“ I first met Mrs. Rose when her son David was in second grade. David's teacher was on pregnancy leave and the substitute teacher was having a difficult time. Mrs. Rose saw the need and began volunteering a few days a week in the class. She then decided that she would begin substitute teaching herself and became one of the most sought-after subs at Westminster Elementary. I was always super picky about the subs that I asked to take over for me when I knew I was going to be absent, so naturally, Mrs. Rose was at the top of my list. She even subbed for me in my second grade class when I had strep throat. She didn't even mind stepping in for me on Awards Day and Field Day that year. My students loved having Mrs. Rose in our class. She was always fair and worked hard to make sure that each student was cared for. I never worried about being out of my class when Mrs. Rose was there. Later on, I had the pleasure of teaching Jennifer, and our friendship with the Rose family grew even more. Mrs. Rose and Jennifer also helped my family out, when they agreed to house/pet sit on several occasions throughout the years. They were the most dependable and trustworthy team you could ask for, and the house was always cleaner than when we left. Mrs. Rose was a true gift to me, my students, and my family. I am so fortunate and blessed to have known her.
