“ *Debbie and family,*

Although our paths have not crossed much in the past few years, I have always thought the world of Joe and you. We spent many nights and days on shift together and had a lot of good times together. I was telling some one this week about Joe and I taking a woodworking class together at Tech many years ago. Joe turned out to be a much better woodworker than I did, but we had fun. I think of him just out of the blue one day bringing his Seadoo over and taking both of my kids for rides, they had a great time. He was a goodhearted man, but he wouldn't want you saying that. He'd laugh.

If there is anything I can do, please do not hesitate to let me know. I'm just across the bridge. May God bless and comfort you in this very difficult time.

“ *Debbie,
Jean and I were shocked and deeply saddened to hear of Joe's passing. This makes it even more special that we got to reunite for a few hours a few weeks ago, some 47 years after serving together in the 6910th in Germany. I'll always remember that sly smile.... right after he left you knowing you had been had but you couldn't figure out how.*

A true southern gentleman who passed way to soon.

We pray you and your family will be granted strength, peace and comfort in the days ahead.

Our love to all of you.

“ *Debbie,
I was sad to hear about Joe's passing. I have fond memories of the years we worked together at Oconee Nuclear Station. You and your family are in my thoughts and prayers.*

“ My sincere condolences to Joe's family. Joe was my best friend during our Air Force tour in Germany. We worked together and shared many laughs. We traveled together in my Fiat visiting Germany, Austria, Italy, France, Belgium, Holland and Spain together. Our favorite was going to Garmisch as often as we could. He and I were the best Foosball table players on base, and could even hold our own against the locals who could keep that ball a blur on the table! Ha ha!

Joe was a good man and a good friend. I cannot recall one time seeing Joe being unkind or getting mad. He was even tempered and good natured. I regret that we lived on opposite sides of the US and couldn't visit much. I got to stop by and visit with him in 2012 during a road trip with my Debby. We had a few phone calls and an occasional email, but that was about it.....not nearly enough.

Debbie, i am so sorry for your loss. You are welcome to call me, text or email if you like. I have a couple of photos of Joe if you would like to see them...maybe you already have.

May God bless you as you grieve and comfort you.
