“ I worked with June, as health education coordinator for Upstate AHEC, for many years. I always enjoyed her smiling face and positive attitude when I showed up with a new medical student. We cherished times where we could vent about “entitled” students and cooking tips. I loved being able to add to her jigger collection during my travels. She was such a kind hearted soul who will undoubtedly be missed by many. She proves the adage of “ the good go young”. Way too young in her case. My condolences to her entire family.

“ I am so sorry for your loss! I only worked with June for a short time but always enjoyed being around her. She was one of the first people at work to reach out to me after my 3.5 year old nephew was diagnosed with brain cancer earlier this year. She offered empathy and encouragement all while fighting her own battle. Even though I didn't know her well, I felt like I got to know her heart after reading her email that day. June's family and friends will be in my prayers.

So very thankful that I had this beautiful, giving, kind soul in my life. Her strength and grace was inspirational. Her loving and encouraging demeanor was a blessing. I will treasure her memory and the memories of our times together always. My son told me, "Don't cry because it's over, smile because it happened." I can't help but cry today, but I'm also smiling (and remembering June's lovely smile). Rest in peace, dear friend, and thank you for all you did for me and for all the survivors.
