“ I remember when this little bundle of joy was born. I anxiously await her arrival for months. Such a beautiful little thing. She touched my heart long before she made her entrance into this world. I claimed her as my little baby from the start. And she has been. Now she is my little Angle baby and she gets to look down on me and the rest of us and smile. I love you Katlin Dakota Bryant always and forever. Be sure to watch over us all here and be sure you greet me when I come home. Kisses my baby girl
