“ I have been thinking about Kayla so much this week and thankful for the time I was able to spend with her. She suffered all through her life with weakness in her body, but she was brave and made her life as good as possible with goals and dreams of things to accomplish. She loved many different things like Braves baseball, Gamecock football, and her church bowling league! Eating out was another favorite thing. Olive Garden being one of her favorite places to go! She always wanted to ride in a convertible car, top down, in the mountains and thanks to her cousin Drew, she was finally able to do that this past year. We loved and will miss Kayla but are thankful that she is with Jesus and not weak in body any more! Prayers for you Philip and all the extended family. God Bless you all.

“ Phillip and family

*You know how much yall mean to us but especially what Kayla meant to us.. We loved her sweet spirit and the comical side she shared but most of all the love she had for the Lord and how her disability never held her back from life..She was a fighter which was such an inspiration. May you find comfort in the choice of salvation she made many years ago and held o to her faith through it all.
Prayers!*

“ Philip, so sorry to hear about Kayla. I used to work with her Uncle Tony. He would talk about Kayla a lot. He would tell me about taking her out to eat on Friday after work. He really loved Kayla and now they are together. You have my deepest sympathy. Pat P Hall

“ *Kayla may have had a disability but it never dampened her enthusiasm for the people and things she loved. She loved babies and children more than most and was always ready to help care for them. Praying for my cousin, her dad Phillip, as he has been a caregiver who will miss her most of all. We all share in grief, but scripture tells us to rejoice when God receives one of His own. Until we meet again.*
