“ *Dear Catina, I just had to let you know how much we are thinking of you right now! I just found out about Kristy today when I went by the pharmacy to see you. We are so very sorry about her passing and I only wish that we had known earlier---I missed you at work and was worried that something was wrong. I know how much you miss her--I have lost members of my family and although they are physically gone, I know that they are watching over me. That is what we all have to remember and any time we think of them they will be right there with us. Even my father is looking over my shoulder every day of my life with all of his love as is my mother. You are all in our prayers and thoughts all of this time and may the rest of your new married life be the happiest ever! All of our love to you and your family, from Liz and Loyal Piker Jr., two of your clients at the pharmacy.*

“ Our deepest sympathy to Daniel and all of Kristy's family. We know your heart is broken but peace and comfort can be found in Jesus Christ our Lord. Trust Him as you grieve your loss of Kristy and He will give you the desires of your heart. We remember our short time of knowing Kristy but will treasure her smile always. God bless you all.
