*“ We are so sorry for your loss. We thought so much of Les and had so much fun joking around with him! When we think of him, we can still hear his laughter! He also helped us out a few times over the years when it came to keys. Enjoy the sweet memories until y'all see him again one day. May God's comfort surround you all now and in the days to come. Much love and hugs!*

“ Mr. Strickland helped me one day when I was stranded at The Cancer Center in Seneca after a chemo treatment and my key fob battery had died. He saw my distress and sickness and suggested he just bring me home and get the car unlocked later. The weather was at least 100 degrees and he helped me into his van and brought me home. I still have no idea how my car got home, and I am pretty sure I still owe that bill to Mr. Strickland! He was my white knight with his armor needed that day. I saw him a few times after and every time I tried to pay him , he just kindly patted me on my back and told me to worry about getting well instead of worrying about the charge. I will always remember his kindness. To his family we send our prayers in memory of one who did many good deeds to help others. Louise & Clarence Towe
