“ To all the family,
You probably don't know me but I worked at Oconee Hospital with Margaret from 1968-1971. She was a very dear person who loved her family and her work. She was also a great friend to a young newly-wed just out of high school when I needed a special friend. I will always remember her compassion for others. I pray God will grant you the peace that only He can give during this time in your lives. I will be praying for you and I will see Margaret again in heaven one day.
