“ *Dear Robin and family,
I learned today from dad of your moms death and I wanted to let you know how sorry I am for your loss. I want you to know what a special lady she was to me. She always welcomed me into your home, and I remember so many of the Saturday outings that I was included in with your family. I will always treasure your friendship and getting to be a part of your family growing up.*

“ Roach Family, Vicky, Karen, Robin and Steve, sorry to hear of your Mother's Passing, we didn't know until late Sunday afternoon..I am praying that God comforts each of you in this time of need...If there is anything we can do to help let us know.
Vicky, Karen, Robin and Steve I know the sorrow and pain that each of you feel. I hope the Blessing will be with each of you.
We all grew up together and had lots of memories not only with your Mom but with your Dad... Some of my fondest memories I have is when Duke Power was building the Nuke station and Lake Keowee we would all load up in that Ford station wagon and go for a drive over to see all the construction. This would not have happened if it had not been for Your Mom driving us there.....Guess we all grow up and drift apart but memories are the part that bring us close in the time of need... God Bless and if you need anything just let us know... You are in our Prayers...
Sorry for your loss The Rowland Family,, Beverly, Bobby, Susan....##imported-begin##Robert Rowland##imported-end##

“ To the family of Margaret Roach,
I am so sorry to hear of Margarets passing. Margaret was such a special person to me. Margaret was my boss when I went to work at Phillips and remained my boss till she retired. Margaret was a wonderful boss and friend who was really good to me over the years. Not many can say that about their boss but I can because she was a very special person. Reading her obituary where it states she loved her family that is so true, she loved all of you and was very proud of all of you but I am sure you are just as proud of her for being that special person she was.##imported-begin##Cathy
