“ I don't know where I'd be today if I wouldn't have had you and Nanny in my life, I know god has a plan for everyone and has everyone's lives mapped out, but I still don't understand death and why people are took from us. This past year has been the roughest of my life and probably yours too. Throughout your sickness you repeatedly kept telling me "I'm trying to teach you something," Somedays I thought I understood then many days I didn't, but i'm still learning Papa, you and Nanny were the greatest, most influenciful people i'll ever know a day won't pass that a good memory crosses my mind with ya'll in it. I thank you for always being there and teaching me the many lessons you did, you and Nan are back together now, you're not lost anymore please always watch over your "Monkey." I LOVE YOU
