“ *It was a privilege to know Mike as a Chiropractor and a Christian brother in Christ. Each chiropractic session and Mike's lifestyle was a witness to the trust Mike had in Jesus as the ultimate healer. Natural remedies and taking care of the body God gave each of us was always a part of Mike's conversation. His strong faith in God was reinforced in his passion for believing the biblical account of creation. Those Bible studies on creation were where Bob and I really got to know Mike. We instantly bonded with a fellow believer who took the creation account just as it was laid out in Genesis. He now is with Jesus who is affirming his life and faith. Mike will be greatly missed. Our prayers are with Nancy and the family.*

“ *Libby and I were so sorry to hear about Mike's death. He helped Libby so many times with her back issues and was a miracle worker with her! I have so many fond memories of camping with Mike and his sons, sitting around campfires, and sharing meals. He will certainly be missed.*

“ Dr. Ezell was one amazing man!! One that I will never ever forget in my life. He was always there for my family when we needed him. And not just as our families chiropractor, but as our true friend as well. I always loved hearing the stories he told me in the office. My youngest son was born with his neck crooked like he had a crick in his neck and my grandma said to take him to Dr. Ezell's office. I was skeptic as my son was only 2 months old. But he fixed my sons problem and now he's a healthy 11 year old. There was a friendship formed from that day forward. When my kids dad wrecked his car and broke his neck, he was there for our family!! I know it's hard on the family right now and we'll be praying for all of y'all. He is pain free in Heaven with his sister whom I know he missed sooooo sooooo much. Last year, I finally met Jonathan while working with him at Goodwill. Jonathan, we'll be praying for you as well. I am so sorry for your loss.

“ Mike had a contagious smile...(he passed it along to his Gradaughter, Adalaye). Conversations with him were usually enlightening, or informative, or thought provoking. ...& I have heard his words ring in my ears over the last 3 1/2 months...they are words I'll gladly remember, & many of them were about Christ. I'm thankful to be a part of his family.

“ We are so sorry for your loss as a family and ours, as Dr Mike was family to us!

*He was always there for the Deaton family...when Keith was diagnosed with non-Hodgkins lymphoma, when Lou was hurt badly in a bathroom fall, and untold numerous other times for all our family members. He was always ready to lend a helping hand by making you feel better, any time day or night.*

*When my father, Joe Deaton passed, he was there for us too. I know your family is like mine was when Daddy passed...at a loss, but you can rest assured that he is in a better place. We are continuing to pray for y'all as we have since we found out he was sick again.*

*When I could no longer make it to his office for care he made house calls for Sonny and I. We will always remember him fondly.*

*He will be sorely missed!*
