“ I was lucky enough to have learned a trade from Rick, I worked with him for about a year. Rick was like a big brother and father figure to me, and I was very impressed when he quite laying tile and went to the medical field of all things. I watched him work with Emily and help her turn in to an excellent softball player and a state champion (one more to come).

You will be missed

"and that is good enough for the girls I date !!!"
