*Mrs Threatt and I meet several years ago when she worked in a shop downtown in Seneca. She helped me pick out some gifts for staff members at a job that I was leaving . She was so very nice!!! In speaking with her that day I told her that I was going to work in a new Doctors office that was opening up in Seneca . Rita and James became our patients and I have such great memories of them both . I will always remember how nice and friendly they were. I had lost contact with her after the office closed several year back but our paths did cross several times and she never changed . I looked for her this past year at the OMH Hospic benefit which she volunteered but missed her ! i know you miss her but I know you have a lot of great memories ! Know that you are in my thoughts and prayers . She was not just a patient but became a great friend one who I am glad ours paths crossed !!!! God Bless you during this time !
