“ Dear Family,
My prayers are for your daily strengthening through God's Holy Spirit. May God surround you all with His loving arms full of mercy and grace. Although Robby did not find healing in this world he is healed now forever more. May you all have the hope of life eternal that comes only through Jesus Christ. God's Holy Word has promised that all those who die in Christ will one day be reunited in that eternal and heavenly home not made with human hands. May God's peace that surpasses all human understanding pervade your hearts in the days and weeks ahead. Please know that my dear grandmother was so touched by all of Robby's visits and calls since my grandfathers death in 2010. Robby even made a motorcycle granny out of a 90 year old great- grandmother of 6, she will always remember that "special ride" that he took her on. If you are ever back in Denton NC please look us up.

“ Mandy - our thoughts and prayers are with you and your family at this time and always. If you need me for anything, I am here for you. Robby will forever be present with you - in your heart and your memories! It was evident how much he loved you by watching the two of you together. It seemed like he could never hug you quite tight enough! The days ahead may be tough without him, but with God they will get easier. You know Robby is walking with his Lord and Savior Jesus Christ. “ During my early years my Cousin Robby was the brother I never had. It would be untrue to say I always looked forward to travelling to visiting Granny; the saving grace was that Robby lived next door to my Granny. The City boy and Country boy went shirtless, chased chickens, played with crayfish in nearby water holes, drank the best water ever from the same dipper at Granny's well house and were both checked for ticks at the end of the each tiring day. He was a kind and giving man. He will be missed and remembered.

Mandy, our thoughts and prayers are with you. Robby, rest in the Peace of the Lord.

“ Robby was a good man that led his life with grace in a dignified manner with truth and honesty.

We worked for many years in our Environmental field and he was trustworthy in all dealings that I had with him. I am proud to have shared many years of working together for the common good for all and now have lasting memories of our professional association.

One thing that I admired about Robby was his belief to “do a job right the first time”.

I am thankful for his service to this Country and his commitment in the Environmental Field to make things better for everyone.
