“ Oh, the stories and memories of Bob go back to an aunt of mine who worked with Bob on the Election Commission. On one occasion they were trying to do something new required by the state only the directions from the state were not correct. So Bob just took the directions and changed them as needed as he put the thing together. The ladies who worked with him were so delighted they bragged to the state about Bob's expertise where upon the person from the state called to scold him. Then asked for directions on getting those complicated things to work. Bob agreed to send the directions (no computers then so had to use US Mail). One of those ladies changed the numbering of his directions without his knowledge, thereby sending very confusing directions to the state. So the Oconee group, without Bob's knowledge, got exactly what they wanted when the state person in charge had to call him down to show them how to fix their things. My aunt always said Bob was the smartest person state wide who ever worked for the Election Commission. Later years my sister was fortunate enough to be Bob's secretary. She worked for three SDOC "administrators" who shared one building and loved the times two of those administrators were to do something only they did not know how to do it. So she suggested they ask for Bob's help, and each time he could do whatever needed to be done. She also suggested they give Bob part of their monthly check since he was always helping them. That didn't work. Later, I had the pleasure of speaking to Bob around 3:30 AM many mornings when he called to get the "Snow Patrol" up and out on the roads for the school district. Yes, there are wonderful stories there, too.

We could tell about him and his good works and his love for his family for a long time but there are just some things a person might want to keep private, close to his heart rather than sharing. I know someone like that who also said Bob was the smartest person who worked for any group in Oconee County whether it be the school district, Election Commission, or any other place.

We loved Bob Brock for many reasons but especially for his kindness to us as we have buried our parents, siblings, and nephews. We will remember! Your kids had a great role model.

*Cherish it!*

*To: The Brock Family  
I had the opportunity to work with Bob several years at the School District of Oconee County Administrative Office. He was always very courteous, helpful and had the best memory of any person that I have every known. I know all of you will miss him. May the Lord give you comfort and strength at this time and in the days to come. Imagean (Wigington) Velasco*
