

Mrs. Ruth Jean Underwood Phillips

December 19, 1928 - October 18, 2022

Mrs. Ruth Jean Underwood Phillips (93) died peacefully, with family by her side, on October 18, 2022. Mrs. Phillips is predeceased by her husband, Robert Grant Phillips, Sr., her parents, James Alfred Underwood and Idabelle Oelkers Underwood, as well as her brother John Richard Underwood. She is survived by her children: Vicki Phillips, Robert Phillips (Erin), and Richard Phillips (Vickie) of Walhalla. She is also survived by her six grandchildren: Rob Calhoun, Meghan Henley (Ryan), Lauren Hill (Jon), Tyler Phillips (Melanie), Natalie Woodall (Zac), Caitlin Chewing (Daniel), and her six great grandchildren: Collin Henley, Aneliese Henley, Hudson Hill, Parker Hill, Willow Woodall, and Beren Chewing.

Passionate about her family, her students, her community, her German heritage, and traveling, Mrs. Phillips led a full life, filled with joy and productivity. Touching the lives of countless individuals, she ushered many students on unforgettable trips to Europe. Mrs. Phillips enjoyed Bridge Club, Garden Club, and beach trips with friends. She especially loved Sunday nights at the lake with her family.

Mrs. Phillips earned her undergraduate and master's degrees from Clemson University, continuing into a distinguished career as a high school math teacher of 32 years. As a teacher in the Walhalla schools, she received the Oconee County Achievement Award seven times. In 1975, she was honored

to be chosen as one of only 30 teachers in the United States to attend a computer workshop in Colorado to explore computer usage as an instructional tool in algebra. Serving her state, Mrs. Phillips was appointed by the State Superintendent to the Teacher Education Council to advise the State Board of Education. Mrs. Phillips was appointed Field Coordinator to implement ACT 187. Named as Teacher of the Year numerous times, Mrs. Phillips was the only classroom teacher appointed to the South Carolina Educator Improvement Task Force. She won the Presidential Award for Excellence in Mathematics Education and was designated Outstanding Graduate by the Education Department at Clemson University.

Mrs. Phillips, along with a group of passionate stakeholders, worked tirelessly to restore the historic Walhalla Graded School building, ultimately resulting in the formation of the Walhalla Auditorium Restoration Committee (WARC). The committee held numerous fundraisers and sought community donations, leading to the opening of the Walhalla Civic Auditorium in 2003. Today, Walhalla Performing Arts Center (WPAC) is a vibrant part of Oconee County and is a lasting legacy to those involved.

For the kindness and attention of the caregivers at The Residences at Park Place and at MSA Hospice, the family offers heartfelt gratitude and appreciation.

A memorial service will be held Sunday, October 30 at St. Luke United Methodist Church in Walhalla at 2:30. The family will receive friends from 1:30-2:30 in the church.

In lieu of flowers, donations may be made to the St. Luke Methodist food pantry or to the Walhalla Performing Arts Center (WPAC).

“ Ms. Phillips was an inspirational teacher whom I had the pleasure of sitting under in high school. My favorite teacher who did her best at getting her students to understand every math concept she taught. She didn't want anyone to fall behind. A true blessing to her students. I also had the pleasure to go with her on one of her trips to Europe. I will never forget it either. I haven't ever been back to Europe due to money, but have always wanted to go again. I want to thank Ms. Phillips for everything she did for us in school. I would see her around town throughout the years and she never forgot who I was. I love you. Rest in peace my precious teacher.

“ I was not a fan of Math when I was in school but this woman helped, she cared and made sure it clicked and was a master of her craft! I would not be the engineer I am today without her honesty! Greatly missed

“ My deepest condolences to Vicki, Robert, Richard and the entire Phillips family. Mrs. Phillips was brilliant and a brilliant teacher. For the three years that I sat in her algebra, trigonometry, and math analysis classes, she explained clearly and with the expectation that her students would understand the material, often working individually with us. She cared about each student. If one of us was going through a hard time, she would acknowledge it and tell the student to not worry about math that day. That is kindness and consideration. She knew the student would return to work when ready. Years after I had been privileged to have been a student in her class, my late husband and I would run into her at the Steak House, where she would ask about how I was doing. I am so glad that I told her that much of my teaching was modeled after her. She had a profound influence, especially her compassion. That she was awarded so many professional accolades hardly surprises me. And I will forever be grateful that she decided that our class should have a senior class play which she directed -- in the very theatre that later she would help save for the community. Terrific memories. Thank God that Mrs. Phillips was a part of my life. She could have done so many other things, and we were very, very fortunate to have her as a teacher at Walhalla High School. May God grant her peace, and may her memory be a blessing. -- Janet Keys

“ As so many have said, she was a wonderful math teacher. Her teaching went far beyond math though. Whenever something important was going on in the world around us, she made sure we knew about it and understood its importance. I remember the Monday after the Duke Power Oconee Nuclear project was announced we talked about what it meant for our area and us individually. None of us had a clue but she did. Several people in that class worked their entire careers there. Fortunately for me I was friends with Robert through college so I continued to benefit from being around her. She had a huge impact on how I view the world.

“ Richard, Robert, and Vicki, I am saddened to hear about Mrs. Jean. Your mom was one of the best ladies I have ever known. I may not have been in her classes but I still learned much from her. Anytime I saw her out and about she would always ask how my girls were doing. I loved her and your grandmother like my own. I have missed both more than I have words to say.

“ So sad to hear of Mrs. Phillips passing. My fondest days of WHS are of Mrs Phillips and her math classes, especially Trig. She always made me feel so special because I thoroughly enjoyed Math (as I'm sure she did everyone) . Her ability to teach and simplify was in my opinion one of a kind. Such a positive and inspiring lady. I was also able to be one of those who went to Europe with her my senior year, such fond memories. It is easy to say I will always remember Mrs Phillips as my favorite teacher and friend.. Prayers and thoughts with the family.Jeff Powell
