“ Dear Richard, I am very sorry to hear of your loss. Our daughter, April, attended school with Seth throughout their school years. I remember going on field trips with the students and you and your wife would always hang out with us especially the Keowee Elem trips. It is obvious that he made an impact on our country. You should be very proud of him. Our prayers and thoughts are with you during this most difficult time. May God comfort you and give you peace.##imported-begin##Sheilah & Larry Howe##imported-end##

“ Dear Richard, Sorry to hear of your loss. I remember Seth when he attended Keowee Elementary School with my daughter Sara and how involved you were with him and the school. It is apparent after reading all of his accomplishments and his service to our country, your love and devotion to his life made him a young man to be proud of and I know your loss is unbearable and something I couldn't imagine but I hope you find comfort in knowing that he made an impact on people so much so that we still remember his early years!

With Loving Thoughts and Prayers,
