“ As with so many others, I worked close to Sheila at ONS and we often had an opportunity to share our stories about family. My children were so close in age to Haley that we had much to compare. Sheila was a comfort to me with her genuine compassion and friendship. May God Bless her family and friends as we all celebrate her life and mourn her passing.

“ Sheila worked just across the hall from me here at the Nuclear Station. Such a sweetie! Always kind and thoughtful. I think the thing that stood out for me was how generous she was with her time. Always willing to give her help and advice. They say you don't miss something until it's gone. That's sure true for me today. There will be a great big hole around her for a very long time. Praying for her family.

“ *I remember Sheila as a tender flower, so kind and sweet. Though the miles had separated us through the years, she was a close friend when we were younger. Thankfully, we had reconnected over the last few years through FaceBook. I know that she is in Heaven now, and pray that God's abiding presence will comfort her beautiful daughter Haley, brother Barry, dog Maddie, and the friends she now leaves behind. My heart and prayers are with you all during this most difficult time...*
