“ Shirley was at Sangamo when I first came to work there in 1985, which is Itron now. Always laughing and had a smile on her face. The atmosphere was so cheerful to walk into every morning with these precious ladies that took me in as one of their own. Those days are cherished and always enjoyed coming to work to share a day of delight with people special like Miss Shirley! Those were the days that all made our work place a part of our lives for many many years. The good old days as we say. All became like family back then. Rest in peace Miss Shirley and I know you still have that sweet smile on your face!
