“ Steven...you will always be my childhood and most precious memories. All the time I spent with you, Donna Lee and Vicky can never be erased from my mind. Playing records on that “jukebox” in your room with the lights off so we could watch the lights on it flash. Climbing trees that weren’t strong enough to hold us so they would slowly lower us to the ground and then getting in trouble with Uncle Dan when he figured out why his farm trees were all drooped over! The goofy way you told the same old “not scary” ghost story and then crack up laughing at the end when we were telling ghost stories. (It’s a coming! 😂) The way you giggled and blinked. Your love of heavy metal music and long hair. All these things are the memories I will cling to until I see you again. I regret not hugging you a little bit tighter the last time I saw you or telling you just one more time how much I loved you. I know you are so happy to be with your mom again and at peace. I love you always.
