“ I have wonderful memories of Steve when he was in Fort Thomas. Especially growing up across the street from the Sparks family. They were like my second family. We spent many hours playing together as children. He took many photos of me when he got into photography and we had so much fun going to various spots to get just the right shot. I lost track of him when I moved to Hawaii and he moved to SC. He will always hold a special place in my heart.

“ Steven had a camera in his hands the first time I met him.. ..taking pictures of festivities at Tamassee DAR School. The last time I saw him was when Connie brought him to Tamassee DAR School in her sports convertible with the top down on a gorgeous sunny day with a breeze.. Steven had the biggest smile on his face because they were headed to the mountains. He was so happy that day.. The love these two had for each other was awesome. Love you friend .. you will be missed but look at you now! You are healed!!

I loved having you both as a neighbor. As Steven crossed the Celestial Shores I'm sure he was enjoying his new body, as he enjoys the heavenly chorus, with all fullness and gladness.
