“ *Angela, Kim & Debbie, I was saddened to hear of your dads passing. He taught me a lot when I was in my late teens about woodwork and life in general. He was such an intelligent man and when he spoke his voice commanded your attention. I have such great memories of your whole family and the wonderful times we had playing UNO, at PRB Church etc....too many to list here. You all hold a special place in my heart and I would not trade those perfect times for anything in the world. May God give you some peace during this time.*

Glenn was my 2nd cousin and we grew up together although I have not seen him since we were very young. May God be with his family and sisters in the days to come. I know how it is to loose someone close to you as I am the only one left in my family, had 9 siblings and lost all of them along with both my parents.
