“ *My condolences can not satisfy the ache you have for her absence. Please know that Tina meant much to me for so long. She’s an excellent example of God’s grace and love. She taught me much about social practices as I met her grandmother. She leaned on me when her mother died. I was just in 4th grade... and she was my go-to daily! She never had to eat alone. She was never bullied. I made sure of it. She was precious, and I intended for her to stay that way! Please accept my condolences. I prayed for that special person often and vigorously. She was never ready to leave this Earth. She fought an essential body part that controls all other bodily functions. I am hoping and praying that you all know how important the thyroid is to life. Oh, Tina, I will see you again wrapped in His garments and draped in His love. I love you, sweet soul! Elevate and watch over us!*
