“ I worked with Brandon from 2010- @ 2017 at The Medical University of South Carolina in the MSICU. He was truly one of my favorite people to work with! I was new to the ICU and him along with many other were mentors and friends! The nights could get long but he kept us laughing! He was an excellent nurse. Always willing to help or listen if you needed to just think out loud. My heart is so heavy at the news of his passing. He touched and saved many many lives. Sending prayers of peace to his entire family, mom and sons from his nursing family at MUSC.
