“ I JUST found out yesterday about Doc Jenkins' death. I'm heartbroken. He'd been taking care of my baby blues since we moved to Walhalla when I was 10 years old. I'm 56 now. He watched me grow up. He saw major milestones in my life. When I was diagnosed with lupus, he sent me to a neurologist because my optic nerve was enlarged. I still see that neurologist every 3 months.

When I was a teenager/very young adult, I had started wearing contacts. One day, I was in for a routine exam and he was looking into my eyes with that handheld light, when he stepped back, crossed his arms, looked over his glasses at me and he said something that I NEVER forgot, "Now, Robin, I know if I CAN'T see in, you CAN'T see out!", I never needed another lecture about cleaning my contacts again!

As I grew up, it became our yearly tradition, that I would come in and tell him a naughty joke. It was never too bad, but always enough that he'd laugh so hard, he'd put his hands on his knees, then look up and tell the tech in the room "that's my Robin"!

I don't know what I'm going to do now that MY Doc Jenkins is gone.

My condolences and deepest sympathies to his family, friends. And, to those who worked with him, I know that y'all were a huge family too!! Sending love and prayers!!!

Sincerest condolences,

“ We want to send our dearest condolences to Dr. Jenkin's family, we also called him Dr. J, and Grandpa adopting my sister and I. Dr. J took us as his patients since as young as 18 months old and cared for us throughout our life up until now, today we are 25 and 26 years old. He knew our condition so well, and was so careful in our care. We felt so comfortable with him and he truly cared for us every step of the way. He was more than just our doctor he was like family, Dr. Jenkins will be so very missed, he was good at what he did, and became so beloved to us. We will miss his smile, his hugs, his care of his patients/ extended family. With love for the family of Dr. William Jenkins, your in our thoughts and prayers.

“ Our hearts go out to you in the loss of a precious man of God. Never will our hearts forget all the acts of kindness that proceeded from Bill and you. We will always treasure the priceless memories that were shared. Life is such a journey with amazing friends, Jesus puts in our path.

May you find peace in the days ahead, just knowing that to be absent from the body is to be present with the Lord.

In the Name of Our Lord and Savior,

“ On days you seem lost and wander from task to task or just sit and stare I pray you find comfort and strength from the words of family, friends, and some you have not met whose lives were touched by Dr. Jenkins. We pray you hold onto the hope we know Bill believed that "Jesus died and rose again and so we believe that God will bring with Jesus those who have fallen asleep in Him". 1 Thess. 4:14. Like so many in this community Dr. Jenkins gave us compassionate and professional care providing for my wife Mary, my daughter Anji and her challenging vision issues from childhood, and myself. It has only been slightly over a year ago he saved the vision in my right eye and likely my life with his astute insight and quick action. We, as many could say, are much indebted. Those who met Bill knew his soul was precious and while saddened, rejoice that he is now seeing Christ clearly face to face. Our prayers for you Linda, your family, and the staff at Medivision continue...

“ Dear Linda, There are no words that I can say to take away your pain. Dr.Bill touched so many lives. I remember when you were at our home over 30 years ago hanging drapes and I mentioned I needed an eye Dr. You mentioned your husband Bill was an Optometrist. I made an appointment with him the next week. He was always so kind and caring and always asked about my 4 sons. Wishing you peace and love from our loving Father. God bless you and your loved ones during this most difficult time.Please know that you're in my thoughts and prayers. With deepest sympathy, Harriet Hembrough Dowling

“ Aunt Linda, You and Uncle Bill were family when Wendy and I were children. You modeled love and generosity. I am so thankful for your presence in our lives. Bill's life, to me, is a shining example and inspiration of what doing for others can do for the giver. He was happy and fulfilled. I hope that you are finding peace in God's love and in the knowledge that your souls will be reunited. ~ Ginger Colvin

*To the family of Dr. Jenkins,
He was the sweetest doctor that anyone could ask for. He was very compassionate always having his patients needs in mind as he checked you out. He was both mine & my husband's eye doctor for years. He always asks about our daughter who lived in Colorado after he learned of how close we are to her. He was kind in ways that others didn't think about when it comes to having you in his chair. I have medical problems & he made sure that I was seated comfortably before he began so my neck would not hurt. He was like that. His death was a great shock but we can be assured that he is in heaven with Jesus, the one he loved & talked about a lot with us. He will be greatly missed but we have the assurance that we will see him very soon in Heaven waiting on all those he left behind. You have been in our prayers for our Savior is the only one who can really bring you comfort now. May the Lord hold you close & comfort each one of you & all of his staff.
God bless all of you dear ones,

“ We moved to SC in 2006 and were referred to Medivision. Along with great eye care, we shared many moments with Bill, about our travels to countries world wide. Bill always took that "extra moment" to discuss/question where we had last been, where we would go next and ask where we would recommend. He will be missed by us and I'm sure, many others.

“ Dr. Jenkins, I had hoped this day would not come for many more years. You are a huge reason why I am the successful woman that I am today. You pushed me to follow my dreams when our small town made me feel it was impossible. I will always value your words of wisdom. For things you did for me and things you said and a book on low vision you signed for me that was a mutual passion- you would have been an amazing father if given that chance. “ *Debbie and I are so sorry for the passing of Bill. I can recall when he first arrived in Walhalla. He was so easy to talk to and always asked about our family. We were always impressed when he went out of his way to say hello to us when he met us at Kay's restaurant on Sundays. When our daughter, Kathy, moved to the beach, Bill made it a point to give Kathy a doctor's name that he recommended for her eye care. To date Kathy is still using the same doctor and it has been around 20 years. Linda, we are so sorry for your loss, but we appreciate the fact that you and Bill decided to live in the Walhalla area so we could benefit in part of his life. As a side note y'all always had cool cars. Bill and I would talk about the Monte Carlo he had when he arrived, it was beautiful. God Bless. Joe and Debbie Rukat*

“ Dr. Jenkins took care of my eyes for 15 years. At one appointment, I told him I had been given 1500 pairs of reading glasses to take on mission trips out of the country. I also told him I was given prescription glasses, but I didn't feel comfortable fitting them. He told me they were better than nothing. He then gave me an eye chart for fitting readers and an eye chart for distance. Because of his giving me the eye charts, a friend and I have gone on numerous mission trips where over 18,000 glasses have been fitted to people in third world countries. He has touched the lives of people he had never met, and now they can see more clearly. I feel my life has been blessed because of Dr. Jenkins.

“ I met Dr Jenkins when I was eight years old in Clemson SC. I wanted to be in glasses like my older brother. I didn't need them but I fooled him. Dr Jenkins never let me forget it. He always said not many people have ever fooled me but you got one past me. As the years went by I unfortunately did need glasses and later opted for laser eye surgery. Dr Jenkins seen me through 33 years total. He was my eye doctor and friend. He will be missed.
