

Dr. William Harrell Lee

August 26, 1929 - March 24, 2016

Dr. William Harrell Lee, 86, died March 24, 2016 at Lila Doyle Nursing Facility. Dr. Lee was born in Frisco City, Alabama, on August 26, 1929, to James Thomas Lee and Mabel Harrell Lee. He attended a twelve room school there, spending one year at Marion Military School. After graduation from Frisco City High School, he left for Emory University, where he graduated in 1950 and later received his M.D. in 1954. He completed a surgical internship at Grady Hospital in Atlanta, a general practice residency at Ireland Army Hospital in Fort Knox, Kentucky, and a pediatric residency at the Medical College of Georgia at Augusta, Georgia. Dr. Lee was a Board Certified Fellow of the American Board of Pediatrics.

After a year in practice at Carrollton, Georgia, Dr. Lee established his practice in Seneca in 1962, with privileges at Oconee Memorial Hospital. He was the first pediatrician in the Oconee, Pickens, and Anderson County area. Oconee Hospital, at that time, was located at the current Lila Doyle building, so Dr. Lee began his Oconee practice in the building where he spent the last years of his life. Over the many years of medical career he took care of many thousands of children, and he loved every one of them. When he retired, his wish was to be thirty years old and do it all over again. He took special pleasure in being the doctor for the children at the Tamassee DAR School. Dr. Lee remained in Seneca for 44 years, until his retirement in 2006.

Dr. Lee grew up close to the Gulf of Mexico, and enjoyed the water all of his life. Boating, fishing, and swimming were idyllic times for him. He was a fine gardener and his flower beds were beautiful. He loved his family and enjoyed backyard picnics when the whole crowd could get together. We all will remember with happiness, mental pictures of children jumping off the dock, teens jet-skiing, adults eating watermelon, and laughing about family memories.

He is survived by his wife, Martha Sanderson Lee; four children, Ginger Mullinax, William Lee, Jr. (Janna), Amy Bohoslav (Jeffery), and Holly Sawyer (Robert); ten grandchildren, four great-grandchildren; sister, Margaret Pohl (Paul); and brother, John Thomas Lee (Louise).

A memorial service will be held at 2:00 PM, Thursday, March 31, 2016, at University Lutheran Church, 111 Sloan Street, Clemson, SC.

Visitation will be held at Davenport Funeral Home in West Union, from 6:00-8:00 PM, on Wednesday, March 30, 2016.

Memorials may be made to Tamassee DAR School, PO Box 8, Tamassee, SC 29678, or University Lutheran Church, 111 Sloan Street, Clemson, SC 29631.

Tribute Wall

“ *Dr. William Harrell Lee*

January 28, 2023 at 01:03 PM

“ *This tribute is posted 5 1/2 years since his passing. It is my hope that his children/grandchildren see it and know that so many of us in the Pickens and Oconee County area cherished this wonderful, person. Dr. Lee retired the same year my Mom died. She credited him for saving my life when I was three and had pneumonia. We loved Dr Lee and I will admit seeing him twice when I was in "too old" in college and ill. There will never be another like Dr. Lee. I know that he is enjoying the bounty of Heaven!!!*

Suzanna Fulton - October 01, 2021 at 09:12 AM

“ *Extremely saddened by the passing of Dr. Lee. He was the best doctor I will probably ever have & had the coldest stethoscope known to man! I remember thinking as a child that "this must be SUPERMAN" because he looked and acted, with his calm demeanor & quick wit, like Clark Kent. But he was a real life superhero & the world is a colder, darker place without him...*

Shane Crowe - April 01, 2016 at 09:22 PM

“ *Also you were one of a kind.*

Julius Collins - April 01, 2016 at 01:08 AM

“ *I wish to send condolences to the family. He was one of the two best doctors I will ever have. May he join Dr. Milner in heaven now. Dr. Lee treated me often. I have sickle-cell anemia and he saw me often. He was even so kind as to not bill me a couple of times. He told me to use my mind, not my behind. W-Wonderfil, I-Insightful, L-Loyal, L-Loving, I-Intelligent, A-Awesome, M-Miracle. I will never forget you Dr. Lee. You allowed me to stay in touch as I grew into an adult. You were more than a doctor, you were an inspiration and an angel. Not to mention, you were a Godsend. I will miss you. I love you Dr. Lee.*

“ *He was such a caring and wonderful doctor for me and my brother and sister. I remember when he made a house call for me when I had the chicken pox so my folks wouldn't have to take me out for an appointment. He was always gentle, courteous to a fault and a gentleman without a doubt. He will be missed.*

Doug Warner - March 31, 2016 at 01:03 PM

“ Prayers for the family of such an incredible man. He was my doctor as a child and I will forever remember how special he was.

Kara Neal - March 30, 2016 at 03:07 PM

MK

“ Dr. Lee was such a blessing to my family. He was always available for any emergency or office visit the same day. His kindness, compassion, and humor was always appreciated! I never left his office that he did not reassure me and calm my fears. God bless him and keep him. We will forever be grateful to him. Merry Lynn Kelley

BS

“ *Dear Family,
So saddened about Dr. Lee's death but I believe he is walking on streets of gold with no limp and feeding himself and enjoying sitting around the banquet table unlike when I saw him at the rest home. He was my doctor and then he was my children's doctor. He was always so kind and humble. He was instrumental with the help of the good Lord in helping save my nephew's life from something like typhoid fever I believe. He was not helped in a hospital in another county. I liked the fact that he sent my daughter to a specialist in Atlanta with her heart condition. He was so caring and concerned. I like that in any doctor. He also told me about stopping by Emory to see a patient who was hospitalized there. I can't tell you how wonderful he was! I will miss going by to see him at Lila Doyle but I believe all his pain and suffering has been turned into a glorious time celebrating in heaven. You all are in my thoughts and prayers. Sorry I won't be able to attend the services.*

In Christ's love,

Bernice Satterfield (and family)

Bernice Satterfield - March 29, 2016 at 09:03 AM

RW

Our family love Dr. Lee and his Southern Gentlemen personalty. He was a very kind and love all his childern patients. He first cared for my baby sister and later my son who had birth damage. He was quick to locate a special ist for his problem. Because Dr. Lee cared so much our son has lived a very normal and healthy life. We will miss him just knowing he is no longer with us. We know he is in a better place. He had a heart that could only belong to God. We Pray for the family. May you know the confort only God can give you.

“ Dr. Lee was a wonderful man. When our son was born in 1972 at Oconee Memorial he was very kind to this first time mom telling me everything would be ok, and he was exactly right. Throughout the years he continued to be our son's doctor until one day our son, on his way home from Clemson University, decided to stop by Dr. Lee's office to see if he would do something to make him feel better. He did help him feel better but as our son was leaving the office, Dr. Lee kindly patted him on the back and said, "Son you are now 24 years old. You need to find a GP for adults!"

What a Southern Gentle Man he was. Thank you to the Lee Family for sharing him with all of us.

Sincerely, Louise & Clarence Towe

Louise Towe - March 25, 2016 at 02:56 PM

TB

“ Dr. Lee was one of the best doctors EVER!! He saved my brother's life when he was about 2 years old. Tyler became vey sick and lifeless. He was admitted to the hospital and at the time he had a different doctor. After the doctor kept telling my parents "you are not feeding him correctly" blaming my parents for the reason he was in the hospital. My mom promptly fired him and brought in Dr. Lee. He came in, got right to work and by the next day Tyler was doing better, he went home a couple of days later. Needless to say he became our doctor that day until we were 18. He will be missed!
Tara Burnette

tara burnette - March 25, 2016 at 01:07 PM

“ *Dr. Lee was one of a kind. I remember when my daughter received her too old letter... she was in her twenties! She was so upset. As a new mom, I relied on him. I would call him at 2am and he would talk with me as if it were midday. He was never bothered... never in a hurry... and truly cared about my child and me. No words can express how much he meant to me and my daughter. He inspired her to be successful and took the worry away when I was so concerned about "what to do's" as a new mom. Heaven shines a little brighter now... because Dr. Lee is back home with God. We love you. Dr. Lee. You will always be remembered.*

“ Dr. Lee was my children's doctor and would have been my grandbabies doctor if he had still been practicing. I have many wonderful memories of Dr. Lee and his kindness when we mothers would freak out when our children would be sick. He would assure us everything would be alright and took as much care of us as he did the children. One of my most favorite memory is when my son (who was 22) had a sore throat and went to Dr. Lee's office for treatment. Dr. Lee in his low kind voice after treating him said Son, I think it is time you get another doctor, you are no longer a baby. My son was heartbroken to have to leave his care.

My God Bless the family and may you always know that he was loved by many.

“ Dr. Lee was an amazing person and pediatrician. .. I also cried when I became "too old" to have him as my doctor. I later took my son to Dr. Lee when in SC. He was a close friend of our family, especially daddy, and even made housecalls when daddy was pastor at Utica. He will be greatly missed.

“ Dr. Lee was our pediatrician growing up and I had the privilege of doing my externship at his office. I later worked part-time on Saturdays at his practice while finishing out my studies. He was an excellent physician, teacher and kind and loving soul. He always took the time to stop and talk when we would run into each other in the years to follow. I will hold his memory in my heart forever.

“ DR. LEE was the best doctor ever for children, He was my doctor as a child! I went to his office my whole childhood and teenage years. Lol I remember when I was 16 and he broke the news to me that before long I would have to get family doctor for adults. I cried, and it broke his heart. He was such a sweetheart, I wanted to go even when I wasn't really sick!!o! When I had my son I found out he was no longer practicing I was upset. There will Never be another pediatrician as good as him! I Pray his family will be ok through this hard time. And I wanna thank GOD that I got to know such a extraordinary man! May God bless the family, and may Dr. LEE rest in peace!!!!!!

“ Dr. Lee was a joy to work with at the hospital, a fellow church member for many years, and we were blessed to have him take care of our children. It was always so comforting as a nurse to watch Dr. Lee care for every child in such a special way. Even the babies in the nursery benefited from special words spoken to them by Dr. Lee. Having the opportunity to make hospital rounds with him and to benefit from his teachings was an honor. So many special memories of things he did and the special way he did them! His smile and soft spoken voice always made you feel peace even in a crisis. He was a treasure and our lives were blessed to call him friend! Please know that our thoughts and prayers are with you all.

“ You will be greatly missed you were my childrens dr for years and always knew what to say and do for them

Vicki Pierce-neal - March 24, 2016 at 03:14 PM

LS

“ Dr. Lee was the best doctor ever. We raised 5 children and he helped us raise all of them. He will be truly missed. They don't make doctors like him anymore. I called him at 3 AM one morning because one of my children was sick and he answered the phone and told me what to do. One of my children would jump in his lap for a hug, even when we saw him in a restaurant. When she had to see someone else because he wasn't in one day, she let the other doctor know he wasn't her doctor, it was Dr. Lee. We all loved him like he was a part of our family. Martha, you and your family are in our prayers. I know it has been hard for you, but he was very blessed to have you care for him as you did. Laura Sloan and family

Laura Sloan - March 24, 2016 at 02:46 PM
