“ *Tom called me years ago as we were building our office on Bountyland Road and told me he was making me something and wanted to bring it to me. He later walked in our office with the most beautiful Framed Wooden Gamecock made with different types of wood. It is truly amazing. He had one request, that he could send a few people by to the view it. I welcomed that and it hangs today in the same special place in our conference room. Tom had a huge impact on me especially watching him serve his church, Trinity Baptist.*

“ Tom Bowen was a man of great character and love for his fellow Americans. His love for family was shown in the many blessings he gave them each day. We enjoyed his storytelling and his interest in which he could draw you in for hours at a time. He was known for his keen mind and knowledge of historical facts. We enjoyed getting to know him on a personal level at Laurel Valley and Rocky Bottom. He loved the mountains and returned regularly in his later years to hear the roar of Big Eastatoee Creek and reminisce about his younger days. We will miss his smiling face and smile. Sending our condolences to his family. We love you.
